

# A COVID-19

# Thank You

To Our Valued Customers:

For many of us the Covid-19 Pandemic has been the greatest challenge of our business careers. For this company the slogan "together we will get through this" is most appropriate.

We recognize and greatly appreciate all those dedicated employees who worked together to keep the Carbone Company operating throughout this epidemic. A BIG THANK YOU to all the employees who elected to show up for work every day. We are extremely proud of what they have been able to accomplish this past month.

With mandated or voluntary closures of most wholesale distributors, we have endeavored to keep as many New England floral retailers supplied with as much product as possible, while working with a skeleton crew.

Our fresh flower and plant buyers have been resourceful in procuring product and arranging incoming shipments. Our greenhouse crew has finished off our springtime blooming plants and they are ready for sale.

Our sales staff has been answering calls and returning messages. They have worked overtime picking and packing their own orders. With less than half of our usual number of drivers we have delivered product to all customers requesting a delivery. Our hardworking, team of employees who stepped up during this difficult and unprecedented time, are looking forward to supplying your Mother's Day product with the same commitment.

We recognize the stress that you, our customers have also endured during these troublesome times. Whether you are a long time every day customer, a new customer or an occasional one, we welcome you all. We appreciate your patience, understanding and cooperation during this uncertain and challenging time.

We Are Your Local Wholesaler, Always Here for You!

We are truly grateful for you and for your business, we pray you will stay safe and well in the days to come.

The Carbone Family
