

MARCH - APRIL SPECIAL!

Coast of Maine

Stonington Blend™

Platinum Grower's Mix

STONINGTON BLEND™

SEED STARTER SOIL

Coast of Maine Organic Products Stonington Blend Grower's Mix is a complex "super soil" designed for high performance container growing. It works well with tomatoes, and where growing cannabis and medical marijuana is legal, growers have reported tremendous results. This soil incorporates mycorrhizal fungi, kelp, fish bone and alfalfa meal, as well as worm castings, peat, coir and lobster compost. When growing in 15 gallon containers, there is no need for additional nutrients.

It is OMRI listed for use in organic gardens

Available in 1.5cf bags – enough to fill a 10 gallon pot.
